Summary

Product Design Manager with 10+ years of experience in UX/UI, design systems and front-end development, specialised in fintech (credit, investments and accounts). I have led a team of 4 designers and own a multi-brand design system in code, and I use AI (Claude Code) to turn ideas into working prototypes tested with real users. I measure what I test and analyse it with SQL and Python.

Work Experience

ku.bo.financiero – Product Design Manager

Mexico City | Aug 2023 – Present

- Own Calipso, a multi-brand design system in code (55 React components, web + React Native, CI checks).
- Built AI-assisted working prototypes (React, Vercel) and validated flows with real users.
- Led discovery, prototyping and usability testing that informed key product decisions.
- Managed and mentored a team of 4 product designers, aligned with company strategy and OKRs.

ku.bo.financiero – UI Lead

Mexico City | May 2022 – Aug 2023

- Defined UI patterns and naming conventions, reducing handoff issues to development.
- Improved usability and consistency across web and mobile, raising user satisfaction.

Gentera – UI Manager

Mexico City | Feb 2022 – May 2022

- Coordinated UI guidelines for digital initiatives.

Earlier experience: Nuxiba – UI Designer (2018–2022) · Applica2 – Motion Graphic Designer (2013–2018)

Education

- Le Wagon – Data Analytics, Bootcamp (2025)
- UNAD Mexico – Software Development, Engineering (2021)
- National Autonomous University of Mexico (UNAM) – Visual Communication Design, Bachelor's Degree (2013)
